**TRANSMITTAL OF APPELLANT'S BRIEF (CORRECTED)**

Commissioner of Patents and Trademarks  
Alexandria, Virginia 22313

Dear Sir:

Transmitted herewith is an amended/replacement appeal Brief (correction), which we believe to be fully responsive to the comments of the Patent Appeals Specialist as stated in the Notification of Non-compliant Appeal Brief mailed November 13, 2007. I believe that the attached correction of the Appeal Brief is now compliant with the regulations.

This Appeal Brief is being filed as a replacement for the original (non-compliant) Appeal Brief since there were a few typographic errors and some material was moved from one section to the other:

In response to Item 4. and explanatory item 10. of the Notification of Non-Compliant Appeal Brief the Appellant has added a mapping of independent claim 1 to the specification by page and paragraph number, and to the drawings, by reference characters. {Paragraph numbers rather than line numbers are used, in order to reference these to the published application, US 2005/0235160 A1, which features paragraph numbers rather than line numbers.}

In response to Item 5. and explanatory item 10. of the Notification of Non-Compliant Appeal Brief the Appellant has added a concise statement of the ground of rejection to be reviewed on Appeal and has identified the claims under appeal. In addition, arguments concerning the merits of the ground of rejection presented for review have been placed in the "Argument" section of the brief, per instructions by the Patent Appeals Specialist.

The application is on behalf of small entity.

Payment of US \$ 255 was already authorized and paid in the original filing of the Appeal Brief on October 25, 2007. However, if any additional extension and/or fee is required, this is a request therefor and to charge Account No. 06-2140.

Respectfully submitted,

---
